2

NYMPHÉA

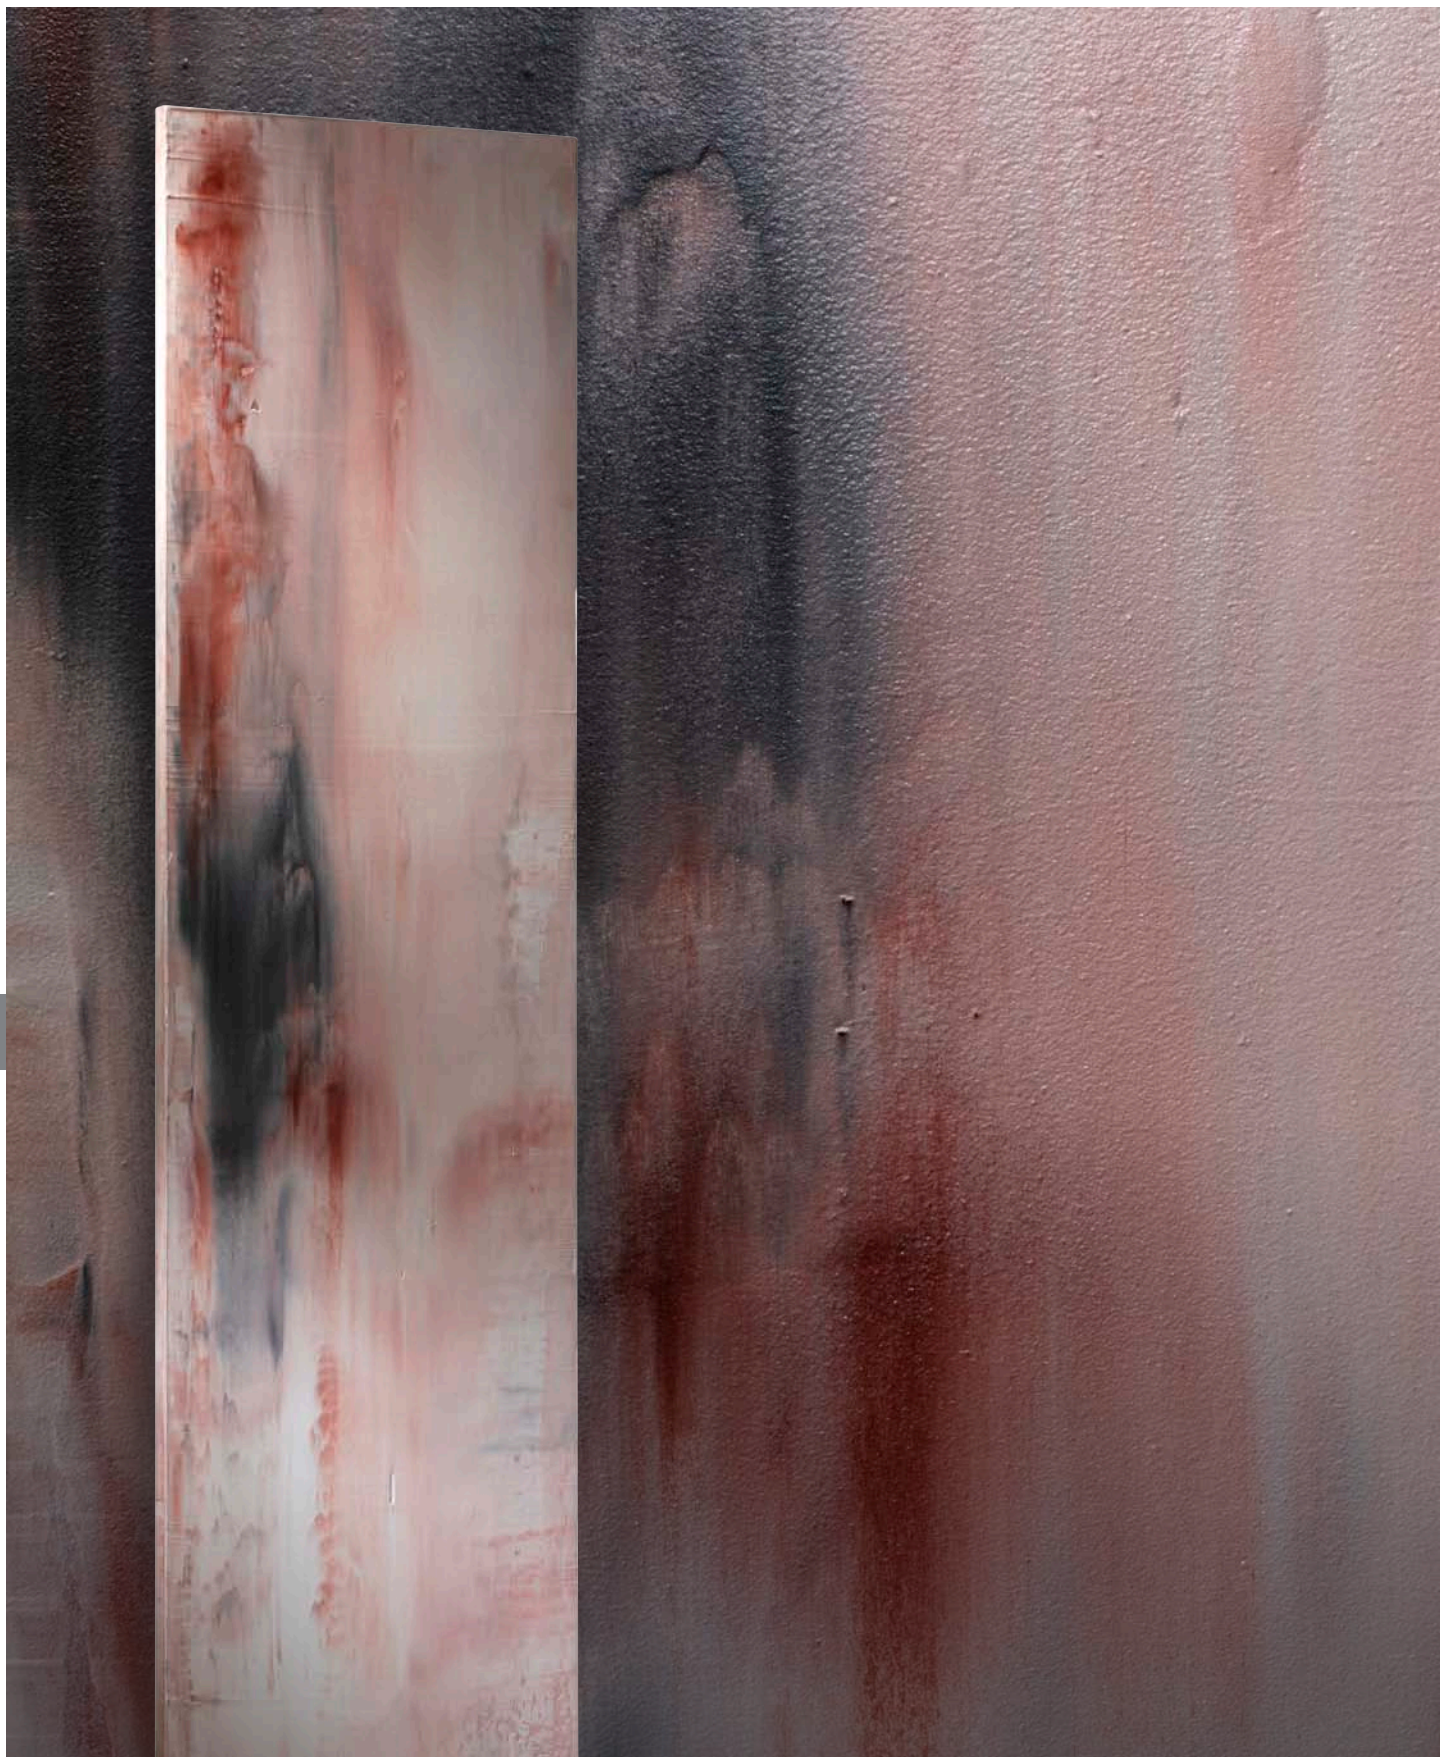

Ref. nympha185x50

PIÈCE UNIQUE collection
Artist: Johanne Cinier

New model, hand painted with natural colour pigments in luxurious greens, NYMPHÉA is inspired by underwater nature. Available as a radiator only or towel warmer with a bar in matt black, NYMPHÉA will add a resolutely modern, artistic touch to any high-end interior. Olycale stone delivers superior comfort and wraps you in radiant softness.

Outputs from 1000 to 1900 W in the electric version and from 803 to 2069 W in the hydronic version, depending on size. Created in the Ateliers Cinier in France.

AURORA

Ref. aurora200x50

PIÈCE UNIQUE collection
Artist: Johanne Cinier

Inspired by the rare red Aurora Borealis, AURORA is an equally rare and luminescent piece. An invitation to travel to interiors where value is placed on art and unique décor. Radiator hand painted by the artist using natural pigments. Olycale stone delivers superior comfort and wraps you in radiant softness.

Outputs from 1000 to 1900 W in the electric version and from 803 to 2069 W in the hydronic version, depending on size. Created in the Ateliers Cinier in France.

6
